12 Blueberry Lane, Newark, DE 19711

PROFILE

I am a certified Aging Life Care Manager with over 5 years of experience working with seniors and their families. I have extensive knowledge of the aging process, as well as the resources available to seniors and their caregivers. I am passionate about helping others, and my goal is to provide support and assistance to those who need it most. I am patient, compassionate, and reliable, and I will work tirelessly to ensure that my clients receive the best possible care.

EMPLOYMENT HISTORY

● Aging Life Care Manager at Senior Helpers, DE

Jun 2022 - Present

- Negotiated with health insurance providers to ensure client could keep existing coverage during transition to new long-term care facility - saved family \$2,000/month in out-of-pocket costs.
- Arranged for in-home nursing care and home health aides following hospital discharge for client recovering from hip surgery - helped avoid costly readmission.
- Successfully advocated for power of attorney and guardianship paperwork to be expedited so that daughter could make decisions on behalf of elderly mother with dementia - prevented potential legal issues down the road.
- Worked closely with case managers at assisted living facility and memory care unit to coordinate best possible care for client diagnosed with Alzheimer's disease - ensured continuity of care and peace of mind for family members.
- Initiated conversations with difficult adult children about their aging parent's changing needs and future plans - avoided conflict within the family.
- Facilitated discussion among siblings about selling childhood home after parents moved into skilled nursing facility - resulted in smooth sale process.

● Aging Life Care Specialist at Home Instead Senior Care, DE

Jul 2017 - Apr 2022

- Negotiated with insurance companies on behalf of clients to ensure they received the care and coverage they were entitled to.
- Met with clients and their families to develop personalized care plans that took into account their unique needs and preferences.
- Monitored client progress and made necessary adjustments to care plans as needed.
- Coordinated with health care providers, social workers, financial advisors, attorneys, and other professionals involved in each client's case.
- Advocated for clients' rights and best interests both inside and outside of the courtroom setting.
- Successfully helped numerous individuals age in place safely & comfortably while maintaining their independence & quality of life.

EDUCATION

Bachelor of Science in Nursing at University of Delaware

Sep 2012 - May 2017

I have learned how to work with people, how to be patient, and how to be calm under pressure.
