Woodworking

## PROFILE

I have over 1 year of experience as an Assembler Technician. I am responsible for assembling and testing products according to company specifications. I also troubleshoot any issues that may arise during the manufacturing process. I am a highly motivated individual who is always looking for ways to improve efficiency in the workplace.

## EMPLOYMENT HISTORY

### ● Assembler Technician at Northrop Grumman, MD

Mar 2022 - Present

- Assembled 100 products in an 8-hour shift.
- Completed product assembly within company standards and guidelines.
- Inspected own work for accuracy and completeness before moving on to the next task.
- Worked collaboratively with other team members to reach daily production goals.
- Actively looked for ways to improve efficiency of the assembly process.
- Successfully completed all required safety training courses.

### ● Assembler Technician I at Lockheed Martin, MD

Jul 2021 - Feb 2022

- Assembled 100 complex products per day with a 0% error rate.
- Read and interpreted blueprints, drawings, and specifications to determine the correct assembly procedure.
- Trained 2 new assemblers on company policies and procedures.
- Assembled products using small hand tools, power tools, machines, and equipment following safety guidelines.
- Inspected finished products for defects and compliance with customer specifications.
- Packaged assembled products for shipment according to shipping requirements.
