Profile

I have over a year of experience babysitting children aged newborn to 12 years old. I am reliable, patient and have a genuine love for children. I am also First Aid certified. In my previous roles as a babysitter, I was responsible for providing care and supervision for the children in my charge. This included feeding them, dressing them, playing with them and putting them to bed at night. I also did light housework such as tidying up after the kids and preparing their meals.

My patients and caring nature ensures that the kids always feel comfortable and safe in my care. The parents can rest assured knowing that their children are being well looked after while they are away

Employment History
