Kailynne Fettinger

Business intelligence analyst

👤 Profile

I am a Business Intelligence Analyst with over 3 years of experience in the field. I have worked with various clients and businesses, helping them to make better decisions through data analysis. I have a strong background in mathematics and statistics, which has allowed me to excel in this field. I am also experienced in using different BI tools and software, such as Tableau, Qlikview, and Power BI. In addition to this, I have excellent communication skills that allow me to effectively communicate complex ideas to non-technical individuals.
