

Manie Succar

Certified Nurse Midwife

As a certified nurse midwife, I have over three years of experience providing comprehensive obstetric and gynecologic care to women of all ages. I am passionate about empowering women to make informed decisions about their health and reproductive choices. In my role as a provider, I strive to create a safe and supportive environment for my patients where they can feel comfortable openly sharing their concerns and questions. I am dedicated to providing evidence-based care that is tailored to each individual's unique needs and preferences.

Through my work as a nurse midwife, I have gained extensive knowledge in both normal pregnancy & childbirth as well as high-risk pregnancies & births. My skills include antepartum assessment & surveillance, intrapartum management (including vaginal birth after cesarean), postpartum support, contraception counseling & provision, breast/chestfeeding support, annual wellness visits, and much more. Additionally, I am proficient in Spanish which has allowed me to better serve the diverse
