## PROFILE

As a certified professional coder, I have over three years of experience in coding and billing for medical services. My expertise lies in correctly identifying codes for diagnoses and procedures, as well as ensuring that claims are submitted accurately and timely. In addition to my coding skills, I am also experienced in managing medical records and communicating with insurance companies. As a result of my skill set, I am able to contribute positively to any healthcare organization's bottom line.

## EMPLOYMENT HISTORY

### ● Certified Professional Coder (CPC) at Blue Cross Blue Shield of North Dakota, ND

Mar 2022 - Present
