Clinical Professor

## Profile

I am a Clinical Professor with over 20 years of experience. I have taught at the undergraduate and graduate level, as well as in medical schools. My research has focused on women's health issues, including contraception, abortion, pregnancy loss, menopause, and breast cancer. I have also written extensively about physician-patient communication and end-of-life decision making. In addition to my academic work, I have provided clinical care to patients throughout my career.
