(513) 608-1215

1600 Pennsylvania Ave, Washington, DC 20500

Profile

I am a CNC Machinist with over 3 years of experience in the industry. I have worked on a variety of machines, including lathes and mills. I am proficient in programming and operating these machines. I have also performed maintenance on them when necessary. In my previous positions, I was responsible for producing parts according to specifications provided by engineers or designers. My attention to detail ensures that all products meet the required standards before they are shipped out.

Employment History

CNC Machinist at JT Machining, ID

Jun 2022 - Present

- Set up and operated a CNC milling machine to produce parts for aircraft engines according to engineering drawings.
