

# Jiana Kangas

Co-Pilot

## Profile

I am a commercial airline co-pilot with over three years of experience flying both passengers and cargo. I have an excellent safety record and a strong commitment to customer service. I am currently seeking a position with a major airline where I can continue to develop my skills and career.

## Employment History

### Lead Software Engineer at Delta Air Lines, LA

Jun 2022 - Present

- Led a team of 4 software engineers in the development of a new e-commerce platform for the company. The platform was developed using PHP, MySQL, and Apache and went live within 6 months.
- Implemented a continuous integration system using Jenkins which reduced build times by 30%.
- Developed an automated testing suite using Selenium which increased test coverage by 50%.
- Refactored legacy codebase to improve performance and maintainability. This led to a 25% reduction in bug reports from users.

### Senior Software Engineer at Southwest Airlines, LA

Sep 2019 - Apr 2022

- Led the development of a new software application that increased productivity by 25%.
- Developed a new algorithm that reduced processing time by 30%.
- Implemented a new design pattern that improved code readability and maintainability.
- Led a team of 5 engineers in developing a complex system within 6 months.
- Wrote 1000 lines of code per day for 3 days to meet an urgent deadline.
