103 French Street, Newark, New Jersey 07103

I have over 5 years of experience as a Dental Assistant Instructor. I am passionate about teaching and helping others to succeed. I am knowledgeable in all aspects of dental assisting, and I love sharing my knowledge with students. I am patient, friendly, and always willing to help my students learn.

Employment History

Dental Assistant Instructor at Dental Assisting Academy of Trenton, NJ

Mar 2022 - Present

- Trained and supervised 30 dental assistants over the course of 3 years.
- Developed curriculum for new Dental Assisting Program.
- Taught classes on various topics related to dentistry including oral anatomy, chairside procedures, infection control, etc.
- Created both written and practical exams for students in order to assess their progress and skills learned.
- Maintained high standards of cleanliness and safety in the lab.

Dental Assistant at The Dental Assisting Center of Central NJ, NJ

Aug 2017 - Feb 2022

- Assisted with dental procedures such as extractions, bonding, and root canals.
 - Took X-rays and developed them for dentist review.
 - Made study models of patients' teeth.
 - Sterilized instruments using an autoclave machine.
 - Cleaned patient rooms between appointments.
-

Education

Associate of Science in Dental Assisting at Bergen Community College, NJ

Sep 2013 - May 2017

I have learned how to take x-rays, make dental impressions, and place and remove dental dams.
