EMPLOYMENT HISTORY

● Dental Laboratory Technician at A-1 Dental Laboratory, NV

Apr 2022 - Present

- I successfully completed 100 dental implants in the last year.
- I have experience working with a variety of different materials, including porcelain and composite resins.
- I have created custom dentures for patients with complex needs.
- In my role as Dental Laboratory Technician, I train new employees on proper procedures and protocols.
- On average, I complete 15-20 dental crowns per day.
- My work has been featured in 5 publications over the course of my career.

● Dental Laboratory Technician II at Dental Arts Laboratory, NV

Jul 2021 - Feb 2022

- Trained two new technicians in dental laboratory procedures.
- Maintained quality control standards for all products produced in the lab.
- Completed production of 100 dentures per week, on average.
- Resolved customer complaints regarding product defects or damage.
- Assembled and repaired complex dental appliances such as implants and bridges.
- Created custom-made appliances to meet specific patient needs.

EDUCATION

Dental Laboratory Technician Diploma at Pima Medical Institute, NV

Aug 2016 - May 2021

I have learned how to make and repair dental prosthesis such as crowns, bridges, implants, dentures, and veneers.
