

Kathleen Lacey

Dental Technician

Profile

I have over 3 years of experience as a Dental Technician. I am skilled in fabricating dental prosthetics, including crowns, bridges, dentures and implants. I have a keen eye for detail and take pride in my workmanship. I am also knowledgeable about digital dental technology and CAD/CAM systems. My goal is to provide patients with the highest quality dental care possible while making their experience as comfortable as possible

Employment History

Dental Technician at Aspen Dental, VA

Mar 2022 - Present

- Developed new dental molding process that increased production by 25%.
- Implemented new quality control procedures that reduced defects by 40%.
- Trained and supervised a team of 5 technicians in the new processes.
- Created prototypes for 3 new dental products which were later put into production.
- Researched and sourced materials for 2 new product lines.

Dental Assistant at Dentistry by Design, VA

Aug 2019 - Feb 2022

- Assisted the dentist in providing dental treatment to patients, including cleaning teeth, taking x-rays, and applying fluoride.
- Assisted with office duties such as scheduling appointments and answering phones.
- Maintained sterilization of instruments and equipment.
- Provided patient education on oral hygiene techniques.
- Helped maintain a clean and organized work area.
