PROFILE

I have over 5 years experience as a Development Manager. I have successfully managed the development of multiple software products from inception to delivery. I am an expert at managing agile development teams and processes, and have a track record of delivering quality software products on time and within budget. I am also skilled at stakeholder management and communication, which is essential for successful project delivery.

EMPLOYMENT HISTORY

● Development Manager at Google, WA

May 2022 - Present

- Led the development team of 12 members that successfully delivered the project on time and within budget.
- Managed the development of a new product line from concept to launch in less than 6 months.
- Reduced development costs by 20% through process improvements and resource utilization efficiencies.
- Developed an innovative solution that increased customer satisfaction ratings by 15%.
- Implemented agile methodology across entire department, resulting in 30% faster delivery times for projects.

● Lead Development Manager at Microsoft, WA

Aug 2017 - Apr 2022

- Achieved a 110% lead conversion rate through innovative marketing techniques.
- Led the development and implementation of successful sales strategies which increased revenue by 25%.
- Selected as "Employee of the Month" 3 times for displaying outstanding leadership qualities.
- Successfully trained and developed 5 new employees, who are now top-performing members of the team.
- Managed a budget of \$100,000 and stayed within budget while still achieving company objectives.
