## PROFILE

I have over 4 years of experience leading development teams and managing the software development process. I am an expert in Agile methodology and have a proven track record of delivering projects on time and within budget. I am also well-versed in popular programming languages such as Java, Python, and C++. My strong communication skills allow me to effectively manage both technical and non-technical team members alike.

## EMPLOYMENT HISTORY

### ● Lead Software Engineer at Google, SC

Mar 2022 - Present

- Led the development of a new software product that increased company revenue by \$2 million within 6 months of launch.
