PROFILE

I am an experienced emergency medical technician who has provided care and transportation for patients in a variety of settings. I have over 1 year of experience working as an EMT, and I am certified in both CPR and first aid. I am passionate about helping others, and I enjoy being able to provide assistance during times of need. In addition to my clinical skills, I also have strong interpersonal skills that allow me to effectively communicate with patients and their families.

EMPLOYMENT HISTORY

● EMT at Bluegrass EMS, KY

Apr 2022 - Present

- Assisted in the transport of over 100 patients via ambulance to local hospitals.
- Successfully completed EMT training and certification.
- Maintained a clean and organized work station.
- Worked long shifts with little to no breaks.
- Lifted and carried heavy equipment and supplies.

● EMT-Basic at Louisville EMS, KY

Aug 2021 - Mar 2022

- Assisted in the transport of over 500 patients via ambulance during my tenure as an EMT-Basic.
- Monitored and stabilized vital signs for said patients en route to the hospital, including but not limited to blood pressure, heart rate, and respiratory rate.
- Administered CPR and first aid to approximately 50 individuals suffering from cardiac arrest or other life-threatening medical conditions.
- Coordinated with hospitals and other emergency services providers (e.g., police, fire) on scene of emergencies to ensure efficient care for all involved parties.
- Utilized radio communication systems effectively to relay information between dispatch center and responding units while en route to calls.
- Demonstrated professionalism at all times when interacting with patients, their families/loved ones, and fellow responders.

EDUCATION

EMT Certification at University of Kentucky

Sep 2017 - May 2021

I have learned how to provide emergency medical services to patients in need.

CERTIFICATES

National Registry of Emergency Medical Technicians (NREMT)

Apr 2021

American Heart Association Basic Life Support for Healthcare Providers

Dec 2019
