84545 White Bear Lake Blvd, White Bear Lake, MN 55110

I am an Engineering Manager with over 5 years of experience in the industry. I have a proven track record of managing and leading engineering teams to success. I am a strategic thinker and can think outside the box to come up with creative solutions to problems. I have excellent communication skills and can effectively communicate with all levels of management.

Engineering Manager at 3M, MN

Mar 2022 - Present

- Led a team of engineers in the development of a new product that was successfully launched on time and within budget.
- Managed the engineering department for a manufacturing company with 50+ employees.
- Implemented lean manufacturing principles in the engineering department, resulting in reduced lead times and increased productivity.
- Developed and implemented an employee training program for newly hired engineers.
