First Assistant Editor at Adobe, MN

Apr 2022 - Present

- Cut and assembled over 100 hours of dailies for a reality television series.
- Logged, marked, and organized daily footage according to the show's editorial workflow.
- Assembled rough cuts per the editor's vision while maintaining creative intent and continuity.
- Researched archival photos and video clips to be used in episodes.
- Coordinated with post-production team members to ensure timely delivery of edited episodes.
- Communicated effectively with cast, crew, producers, executives, and other departments.

Assistant Editor at Apple, MN

Sep 2020 - Feb 2022

- Hired and oversaw a team of 12 freelance editors, which increased efficiency by 30%.
- Cut costs by 20% through negotiating better rates with vendors.
- Finished projects ahead of schedule 15 times in the past year.
- Led training for new hires on editing software, best practices, and company culture.
- Was promoted from Editor to Assistant Editor after 6 months on the job.

Editor at Microsoft, MN

Jul 2015 - Aug 2020

- Wrote and edited 12 articles per week for online news publication.
- Cut editing time by 30% due to increased familiarity with content management system.
- Wrote headlines and summaries that accurately reflected article contents while also being attention-grabbing.
- Monitored website analytics to ensure readers were engaging with content.
- Tracked reader feedback and made necessary changes to improve user experience.
- Worked closely with writers to help them hone their skills and produce the best possible work.

Education

Associate's Degree in Film and Video Editing at Metropolitan State University, MN

Aug 2011 - May 2015

Some skills I've learned are: Non-linear editing, motion graphics, color correction, and sound design.
