

Sarika Vanderiet

Geriatric Care Manager

Profile

As a Geriatric Care Manager with over 5 years of experience, I have provided comprehensive care management services to seniors and their families. My areas of expertise include assessment, case planning, service coordination, advocacy, and resource referral. I am skilled in developing individualized care plans that address the unique needs of each client, as well as coordinating services from a variety of health and human service providers. I am also experienced in working with clients who have dementia or Alzheimer's disease and their caregivers. In addition to my professional geriatric care management experience, I hold a Bachelor's degree in Social Work from XYZ University

Employment History

Geriatric Care Manager at Elderwerks, IL

Apr 2022 - Present

- Reduced hospitalizations by 30% for patients with congestive heart failure.
- Developed and implemented a care plan that resulted in a 75% reduction in falls for elderly patients.
- Successfully advocated on behalf of clients to ensure they received the services they needed from their insurance company or other service providers.
- Reduced emergency room visits by 50% for clients with chronic conditions such as diabetes, hypertension, and COPD.
- Assisted clients in securing housing, transportation, and other resources necessary to maintain their independence.

Assistant Geriatric Care Manager at Careage Home Health, IL

Jul 2017 - Mar 2022

- Successfully matched 10 clients with in-home care services that met their needs and budget.
- Successfully advocated for 5 clients to receive additional coverage from their long-term care insurance policy.
- Successfully completed geriatric assessments for 20 new clients.
- Provided support and guidance to families of 3 clients transitioning to skilled nursing facilities.
- Created individualized service plans for 15 new clients.

Education

Bachelor of Science in Geriatric Care Management at University of Illinois at Urbana-Champaign

Aug 2013 - May 2017

Some skills I've learned are time management, how to better communicate with elderly patients, and how to better understand their needs.
