PROFILE

As a highly experienced high school math teacher, I have over 5 years of experience teaching mathematics to students in grades 9-12. I am knowledgeable in a variety of mathematical subjects, including algebra, geometry, and calculus. I am passionate about helping my students succeed in their studies and excel on standardized tests. In addition to my classroom experience, I have also served as a tutor for several students outside of school. As a result, I have gained valuable experience working with individualized instruction plans and adapting my teaching methods to meet the needs of each student.

EMPLOYMENT HISTORY

● High School Math Teacher at Tower Hill School, DE

May 2022 - Present

- Taught Algebra I, Geometry, and Algebra II to high school students.
- Developed and implemented lesson plans for each math course.
- Created additional resources for students who needed extra help outside of class.
- Led after-school study sessions for students preparing for exams.
- Wrote recommendations for college and scholarships for seniors.

● High School Math Teacher II at Wilmington Friends School, DE

Jul 2017 - Mar 2022

- Taught high school math for 10 years.
- Developed and taught new curriculum for Algebra II, Pre-Calculus, and Calculus courses.
- Led school-wide professional development on effective teaching strategies for mathematics.
- Created and implemented multiple intervention programs to help struggling students succeed in math.
- Collaborated with other teachers to develop a district-wide math competition.
