

TONETTE TESNER

Industrial HVAC Technician

tonette.tesner@gmail.com

(664) 175-2010

Elmwood Ct, Baltimore, MD 21229

PROFILE

I am an industrial HVAC technician with over three years of experience. I have worked on a variety of projects, including the installation and maintenance of HVAC systems in factories and warehouses. I have a strong understanding of how these systems work, and I am able to troubleshoot problems quickly. I am also experienced in performing preventative maintenance on HVAC systems, which helps to keep them running smoothly.

EMPLOYMENT HISTORY

Industrial HVAC Technician at HVAC Unlimited, MD

Apr 2022 - Present

- Installed a new HVAC system in an industrial complex, which improved heating and cooling efficiency by 20%.
- Conducted preventative maintenance on HVAC systems in multiple factories, which extended the life of the systems by an average of 2 years.
- Diagnosed and repaired a wide variety of HVAC issues, including leaks, clogs, and electrical problems.
- Trained other technicians on proper HVAC maintenance and repair techniques.
- Created a comprehensive HVAC maintenance plan for a large manufacturing facility, which saved the company thousands of dollars in repairs and replacements costs.

Industrial HVAC Technician II at Airco Service, MD

Aug 2019 - Feb 2022

- Installed complex HVAC systems in commercial and industrial buildings.
- Assembled and installed ductwork, piping, and controls according to blueprints and specifications.
- Connected power supply wires to contactors and transformers.
- Tested completed HVAC systems for proper operation.
- Maintained and repaired existing HVAC systems.

EDUCATION

High School Diploma at Towson University, MD

Sep 2015 - May 2019

I have learned great study skills, time management, and how to juggle multiple tasks at once.
