

DIMPLE NALEPKA

Information Security Analyst

dimple.nalepka@gmail.com

(603) 241-2013

1234 Elm Street, Omaha, NE 68102

PROFILE

I am an information security analyst with over three years of experience in the field. I have worked with both small and large businesses to secure their data and prevent breaches. My skills include risk management, incident response, and vulnerability assessment. I am also knowledgeable in a variety of compliance standards, including PCI DSS and HIPAA. In my previous roles, I have successfully implemented security measures that protected my employers from attacks.
