

Lucina Kelley

Lactation Consultant

Profile

I am a Lactation Consultant with over 5 years of experience in the field. I have worked with mothers and babies of all ages, and have helped them to overcome breastfeeding challenges. I am passionate about helping families to breastfeed successfully, and enjoy working one-on-one with mothers to help them reach their goals. I am knowledgeable about a variety of lactation topics, including proper latch techniques, milk production, pumping and storage tips, as well as how to deal with common breastfeeding issues such as low supply or engorgement. I strive to create a supportive environment for mothers so that they can feel confident and comfortable while breastfeeding their baby

Employment History

Lead Lactation Consultant at Babies & Company, LA

Apr 2022 - Present

- Led a team of lactation consultants in providing support to breastfeeding mothers, helping them to successfully breastfeed their babies.
- Trained and supervised new lactation consultants.
- Conducted research on the benefits of breastfeeding and shared findings with colleagues and clients.

Lactation Consultant II at The Breastfeeding Center of Baton Rouge, LA

Sep 2017 - Feb 2022

- Successfully implemented a new breastfeeding policy for the hospital which resulted in an increase of mothers who were exclusively breastfeeding from 20% to 80%.
- Successfully taught over 200 expectant and new mothers about the importance of breastfeeding and how to properly breastfeed.
- Successfully helped over 100 mother-baby pairs establish successful nursing relationships.
- Created and presented a continuing education course on “The Importance of Breastfeeding” to local OB/GYN providers resulting in increased support for lactation services within the community.
- Assisted with research project that found evidence based interventions led to significant decrease in length of stay for infants born <37 weeks gestation.

Education

Bachelor of Science in Nursing at Louisiana State University

Aug 2013 - May 2017

Some skills I've learned are critical thinking, time management, teamwork, and communication.
