

Roselyne Muccia

Lactation Educator

Profile

I am a Lactation Educator with over 1 year of experience in the field. I have worked with mothers and babies to help them establish breastfeeding relationships, and have also provided support to families who are dealing with difficulties related to lactation. I am passionate about helping families overcome challenges so that they can enjoy the benefits of breastfeeding. In addition to my work as a Lactation Educator, I am also certified as a Childbirth Educator and Breastfeeding Counselor.

Employment History

Lead Lactation Educator at Baylor Scott & White Health, TX

Apr 2022 - Present

- Led weekly breastfeeding support group for new and expectant mothers, averaging 10 participants per week.
