PROFILE

I am a licensed massage practitioner with over 1 year of experience. I have worked in both spa and clinical settings, and have gained a wealth of knowledge in the field. I am passionate about helping others feel their best, and strive to provide each client with an individualized treatment plan that meets their needs. I am skilled in Swedish and deep tissue massage, as well as trigger point therapy and myofascial release. I believe that massage is not only beneficial for relaxation purposes, but can also be used to help alleviate pain and promote healing.
