Herman Ishak

Network Administrator

👤 Profile

I have over 5 years of experience as a Network Administrator. In that time, I have gained an in-depth knowledge of networking concepts and best practices. My responsibilities have included managing network infrastructure, troubleshooting networking issues, and providing Tier 3 support to end users. I am a highly motivated individual who is always looking for ways to improve the efficiency of the network.

📖 Employment History

Network Administrator at Fujitsu Network Communications, MA

Jun 2022 - Present

- Led the installation of a new network for a medium-sized company with 50 users. The project was completed on time and under budget.
- Implemented a wireless network for a school district with over 3,000 students and 500 staff members. The network has been running smoothly for over two years.
- Created an intranet website for a small business that increased employee productivity by 10%.
- Installed and configured VoIP system for a large corporation with 1,000 employees. The system has saved the company thousands of dollars in long distance costs.
- Designed and implemented security measures that prevented three attempted attacks on corporate servers.

Network Administrator II at Cisco Systems, MA

Sep 2017 - Apr 2022

- Led the installation of a new network for the company, which increased productivity by 30%.
- Implemented a VPN solution that improved remote access speed by 50%.
- Created and enforced strict security policies that prevented 2 major data breaches.
- Monitored and maintained uptime for all servers, averaging 99.9% over 3 years.
- Wrote custom scripts to automate various network administration tasks, saving 400 hours/year.

🎓 Education

Associate of Science in Network Administration at Bunker Hill Community College, MA

Aug 2012 - May 2017

Some skills I've learned are setting up and configuring routers and switches, managing IP addresses, and creating subnetworks.

📋 Certificates

Cisco Certified Network Associate (CCNA)

Jan 2021

CompTIA Network+

Jun 2019
