

Selenia Pangrazio

Network Specialist

Profile

I am a network specialist with over 4 years of experience. I have worked in various industries and have gained a wealth of knowledge in networking, troubleshooting, and problem solving. I pride myself on being able to work independently as well as part of a team. My goal is always to provide the best possible service to my clients or employers. In my previous role, I was responsible for managing the network for a large company with over 500 employees. I successfully designed and implemented several projects that improved network performance and reliability.
