

Marla Landau

Ophthalmologist

As an ophthalmologist with over 7 years of experience, I have a wealth of knowledge and expertise in the diagnosis and treatment of eye disorders. I am skilled in performing a variety of diagnostic tests, such as fundus photography, visual field testing, and pachymetry. I am also experienced in performing surgery on the eyes, such as cataract surgery, glaucoma surgery, and corneal transplantation. In addition to my clinical skills, I also have strong communication skills that allow me to effectively educate patients on their condition and treatment options.

Education

Doctor of Medicine in Ophthalmology at UCLA

Aug 2011 - May 2015

Some skills I've learned are how to better communicate with patients, how to work more efficiently, and how to better manage my time.

Employment History

Ophthalmologist at Kaiser Permanente, CA

Jun 2022 - Present

- I removed a patient's cataract and restored their vision to 20/20.
- I successfully performed LASIK surgery on a patient with very high myopia, reducing their prescription by 10 diopters.
- I managed a team of 4 optometrists and 2 ophthalmic assistants in providing comprehensive eye care services to over 500 patients per month.
- I increased the clinic's revenues by 15% through efficient resource utilization and effective marketing strategies.
- Trained 3 new residents in advanced surgical techniques such as vitrectomy, sutureless clear corneal incisions, etc.

Ophthalmology Resident at UCLA Health, CA

Jul 2015 - May 2022

- Trained under some of the most renowned ophthalmologists in the country.
- Led a team of 4 residents in completing over 200 cataract surgeries.
- Successfully completed 100% of all clinical rotations on time.
- Was responsible for managing and coordinating patient care with ancillary staff on a daily basis.
- Actively participated in weekly research meetings and presented findings at national conference.
