PROFILE

I am a Painter Apprentice with over 1 year of experience in the field. I have worked on both residential and commercial projects, and have gained a strong understanding of the work that goes into painting buildings. My skills include prep work, such as sanding and priming surfaces, as well as applying paint using various techniques. I also have experience working with different types of paint, including latex-based paints and oil-based paints. In addition to my hands-on experience, I also have an Associate's degree in Painting from XYZ Community College.
