Profile

I am a Pharmacy Manager with over 5 years of experience in the field. I have worked extensively with both large and small pharmacies, and have gained a wealth of knowledge in all areas of pharmacy management. I am an excellent communicator, and have superb organizational skills which allow me to manage my time effectively and efficiently. I possess a strong working knowledge of all aspects of pharmacy operations, including but not limited to: dispensing medications; ordering/stocking supplies; handling customer inquiries; training new staff members; overseeing workflow; maintaining inventory levels; preparing reports for upper management etc. In addition to being an expert in my field, I am also passionate about providing top-notch patient care and always work to ensure that each individual who comes into our pharmacy leaves satisfied.
