Profile

I am a physical therapist with over 2 years of experience helping patients recover from injuries and improve their mobility. I have a strong knowledge of the human body and how it works, as well as extensive experience working with different types of medical equipment. I am passionate about helping people regain their independence and quality of life, and I work hard to ensure that each patient achieves his or her goals.

Employment History

Physical Therapist at Sanford Health, ND

Jun 2022 - Present

- I increased patient satisfaction ratings by 20% through the implementation of a new treatment program.
- I successfully treated 98% of patients referred to me with positive outcomes.
- In my role as department head, I oversaw a team of 15 physical therapists and achieved an 85% success rate for all patients seen.
- As lead PT on staff, I was responsible for developing individualized care plans and administering treatments that improved range of motion by an average of 30%.
- Implemented new record-keeping system that streamlined communication between departments and resulted in more efficient data collection across the board.
- Spearheaded fundraising efforts that generated \$5,000 worth of donations from local businesses to support our annual charity event.

Physical Therapist Assistant at Altru Health System, ND

null - May 2022

- Assisted in the development and implementation of physical therapy programs for patients with various diagnoses.
- Provided direct patient care to individuals ranging in age from 18-82 years old.
- Carried out treatments under the supervision of a licensed Physical Therapist.
- Communicated progress updates and changes in condition to PTs, RNs, MDs, families, and caregivers.
- Demonstrated expert knowledge of anatomy & physiology as well as common musculoskeletal conditions/injuries.
- Exercised excellent time management skills while consistently meeting deadlines throughout the workday.
