PROFILE

I am a psychological technician with over 1 year of experience working in outpatient and inpatient settings. I have provided direct patient care, crisis intervention, and support to patients dealing with mental health issues. I am passionate about helping others and have a strong interest in psychology. I am an excellent communicator and work well both independently and as part of a team.

EMPLOYMENT HISTORY

● Psychological Technician at Dartmouth Psychiatric Research Center, NH

Mar 2022 - Present

- Led a team of psychological technicians in conducting intake interviews for new patients.
- Successfully completed over 1,000 intakes with little to no errors.
- Authored and implemented a new training program for incoming psychological technicians which resulted in shorter onboarding time and fewer mistakes being made.
- Was commended by the Director of Psychology for displaying excellent bedside manner when working with patients who were experiencing anxiety or depression.

● Psychological Technician Trainee at New Hampshire State Hospital, NH

Sep 2021 - Feb 2022

- Led weekly therapy sessions with patients and provided guidance on how to manage emotions.
- Conducted psychological assessments of new patients in order to create treatment plans.
- Tracked patient progress and reported results to the supervising psychologist.
- Assisted in research projects by administering surveys and conducting interviews.
- Attended training workshops on topics such as ethics, therapeutic techniques, etc.
- Participated in regular supervision meetings with the supervising psychologist.
