678 Broad Street, New York, NY 10011

Profile

A public health inspector with over three years of experience. I have worked extensively in the field of public health, conducting inspections and investigations to protect the community from disease and illness. My work has also involved educating the public on proper sanitation and hygiene practices, as well as developing policies and procedures to ensure compliance with state and federal regulations. I am a highly motivated individual who is dedicated to protecting the health of my community.

Employment History

Public Health Inspector at New York State Department of Health, NY

Jun 2022 - Present

- Inspected and closed 5 high-risk restaurants for health code violations.
- Conducted 50 food safety audits of local businesses.
- Trained 25 new public health inspectors in food safety procedures.
- Investigated 10 outbreaks of foodborne illness and helped to contain them.
- Wrote 5 grants totaling \$100,000 to fund public health initiatives.

Public Health Inspector Trainee at Centers for Disease Control and Prevention, NY

Aug 2019 - May 2022

- Inspected food preparation areas in restaurants and grocery stores for cleanliness and compliance with health regulations.
- Cited 10 businesses for violating health codes and closed 2 of them until they corrected the violations.
- Educated restaurant staff on proper food handling techniques to prevent contamination and illness.
- Investigated 3 complaints of illegal dumping and issued fines to the violators.
- Assisted in conducting a mass vaccination clinic during a flu outbreak.

Education

Bachelor of Science in Public Health at Columbia University, NY

Aug 2015 - May 2019

I have learned how to research and analyze data, write scientific papers, and give presentations.
