

# Edwena Terlouw

Public health physician

## Employment History

### Public Health Physician at Appalachian Regional Healthcare, WV

Jun 2022 - Present

- Led a team of public health physicians in developing and implementing a successful wellness program for employees of a large company, resulting in increased productivity and decreased healthcare costs for the company.
- Worked with local government officials to develop and implement policies that improved access to care for low-income residents.
- Conducted research on the effectiveness of various public health interventions and published findings in peer-reviewed journals.
- Led educational campaigns on topics such as vaccination rates, HIV/AIDS prevention, and smoking cessation that reached thousands of people across the state.

### Assistant Public Health Physician at Cabell Huntington Hospital, WV

Sep 2020 - May 2022

- Led a team of 4 public health physicians and 12 medical students in conducting door-to-door surveys to collect data on residents' health concerns in XYZ neighborhood.
- Reviewed and analyzed survey results, identified top 3 health concerns among residents, and developed recommendations for addressing those concerns.
- Presented findings and recommendations to the XYZ Board of Health.

### Associate Public Health Physician at St. Mary's Medical Center, WV

Aug 2015 - Jul 2020

- Successfully implemented a new program that increased vaccinations by 15% in at-risk populations.
- Conducted research that led to the development of a new treatment for tuberculosis with a 80% success rate.
- Successfully advocated for stronger regulation of tobacco products, leading to a decrease in smoking rates by 2%.
- Led a team of public health professionals in developing and implementing an emergency preparedness plan that was activated during 3 natural disasters with no loss of life.
- Worked with community leaders to establish 10 new community gardens, providing fresh produce to food insecure families.
