Profile

I am a quality control inspector with over three years of experience in the industry. I have gained valuable knowledge and skills in performing inspections, testing products, and identifying defects. I am also experienced in conducting audits and providing recommendations to improve quality standards. My strong attention to detail ensures that all products meet the required specifications before they are released to the market.

Employment History

Quality Control Inspector at Texas Instruments, TX

Apr 2022 - Present

- Inspected 100% of all incoming raw materials for conformance to quality standards.
- Rejected 5% of non-conforming materials, resulting in savings of \$1,000 per month.
- Monitored production process and identified 10 opportunities for improvement.
- Trained 2 new employees on quality control procedures.

Quality Control Technician at National Instruments, TX

Jul 2019 - Feb 2022

- Assisted in the development of a new quality control protocol that increased efficiency by 15%.
- Successfully completed 100% of assigned audits without any errors.
- Caught and documented 23 production issues which led to process improvements.
- Trained 2 new employees on proper quality control procedures.
- Worked with cross-functional teams to resolve 10 customer complaints.
