Profile

I am a Registered Health Information Technician (RHIT) with over three years of experience in the field. I have a strong background in medical coding and billing, as well as health information management. I am passionate about my work and take pride in providing accurate and up-to-date health information to patients, doctors, and other healthcare professionals.

Employment History

Registered Health Information Technician (RHIT) at Adventist Health, OR

Jun 2022 - Present

- Maintained 98% accuracy in coding for all medical records.
- Completed 400 charts per day on average.
- Trained 2 new staff members in ICD-10 and 3M 360 Encompass.
- Implemented a new system for tracking patient data that led to a 10% increase in efficiency.
- Presented at the annual HIMSS conference on the benefits of EHRs.

Health Information Technician (HIT) at Providence Health & Services, OR

Jul 2019 - May 2022

- Successfully completed health information management program.
- Achieved a 95% success rate in data entry for patient medical records.
- Maintained confidentiality of all patients' protected health information (PHI).
- Created and implemented new system to better organize patient files.
- Assisted in developing new policies and procedures related to HIT.

Education

Associate of Science in Health Information Technology at Oregon Institute of Technology, Klamath Falls, OR

Aug 2015 - May 2019

I have learned how to manage and organize health information, use computers to input, store, and retrieve data, and code diagnoses and procedures.
