PROFILE

I am a highly experienced and certified Residential Electrician. I have over 4 years of experience working in the electrical field, both in residential and commercial settings. My experience has taught me how to troubleshoot and repair various electrical issues, as well as install new fixtures and wiring. I am also knowledgeable in code requirements for both new construction projects and renovations. In addition to my technical skills, I possess excellent customer service skills, which allows me to effectively communicate with clients about their needs and expectations.
