

Callie Fasick

Respiratory Therapy Assistant

Profile

I am a certified Respiratory Therapy Assistant with over 1 year of experience in the field. I have worked in both hospital and outpatient settings, providing care to patients of all ages. I am skilled in administering oxygen therapy, performing pulmonary function tests, and educating patients on proper breathing techniques. I am passionate about helping others improve their quality of life and would be an asset to any healthcare team.

Employment History

Respiratory Therapy Assistant at Midlands Technical College, NE

Jun 2022 - Present

- Assisted in the care of over 100 patients with respiratory illnesses.
- Monitored and recorded patient vital signs and symptoms.
- Administered inhalation therapies, nebulized medications, and oxygen therapy per physician orders.
- Educated patients and families on disease process, treatments, self-care management, and discharge planning.
- Maintained equipment and supplies needed for optimal patient care.

Respiratory Therapy Assistant to less experienced position at Metropolitan Community College, NE

Aug 2021 - May 2022

- Trained 3 new respiratory therapy assistants in the proper use of equipment and procedures.
- Conducted over 100 patient assessments and provided treatment according to doctor's orders.
- Monitored patients' vital signs and documented changes in condition.
- Assisted with intubations, extubations, and other invasive procedures.
- Administered inhalation therapies, oxygen therapy, chest physiotherapy, and airway clearance devices.
