PROFILE

I am a Scrum Master with over three years of experience. I have helped organizations transition to Agile and Scrum methodologies, and have been responsible for leading scrum teams to successful project completion. I am passionate about servant leadership and continuously improving the team's process so that we can achieve our sprint goals efficiently and effectively. My goal is always to foster an environment where the team can do their best work while also feeling supported throughout the process.

EMPLOYMENT HISTORY

Scrum Master at Agile Transformation, WA

Jun 2022 - Present

- Led a team of 7 developers in the successful implementation of a new customer order management system. The project was completed on time and under budget.
- Trained a team of 5 developers in Scrum methodology, resulting in increased productivity and efficiency.
- Successfully implemented 2 major product releases, managing 15 sprints and coordinating with over 20 stakeholders. Releases were delivered on time and within budget.
- Worked with Product Owner to groom backlog, ensuring that all user stories are well-defined and meet acceptance criteria prior to being added to sprints.

Lead Scrum Master at Scrum Alliance, WA

Sep 2019 - May 2022

- Led a team of 4 scrum masters and successfully delivered 2 products.
- Trained new scrum masters on the process and tools.
- Implemented Scrum across 10 different projects with 100+ developers.
- Defined, clarified, and refined roles & responsibilities for the Scrum Team members (Product Owner, Development Team, etc.) to increase transparency throughout the software development process.
- Chaired daily stand-up meetings to ensure that each member knew what they had to do today/this sprint in order to help meet the goal.
