

Javana Alvares

Security Analyst

Profile

I am a Security Analyst with over 4 years of experience. I have worked extensively with companies to help them secure their data and systems. I have a strong technical background and hold multiple certifications, including the CISSP. I am passionate about security and pride myself on being up-to-date on the latest threats and mitigation techniques

Employment History

Security Analyst at Daktronics, SD

Mar 2022 - Present

- Successfully installed and configured new security software to protect company data, resulting in a reduction of cyber attacks by 35%.
- Created comprehensive training program for employees on how to identify and avoid potential security threats, which resulted in a decrease in the number of phishing attempts by 23%.
- Worked with IT team to implement stronger password policies across all company accounts, decreasing the likelihood of a successful brute force attack by 75%.
- Responded quickly and efficiently to 24/7 Security Operations Center alerts, reducing average response time from 2 hours to 30 minutes.
- Successfully completed certification as a Certified Information Systems Security Professional (CISSP).

Associate Security Analyst at SDN Communications, SD

Jul 2018 - Jan 2022

- Monitored and analyzed security events to identify potential threats, risks, and vulnerabilities.
- Investigated incidents by reviewing system logs, network traffic data, and application event data.
- Conducted root cause analysis of identified incidents to determine underlying issues and recommend corrective action.
- Implemented preventative measures to reduce the likelihood or impact of future incidents.
- Wrote policies, procedures, and documentation related to incident response.

Education

Bachelor of Science in Cybersecurity at South Dakota State University

Aug 2013 - May 2018

I have learned to analyze and interpret data, to find and use information, and to solve problems.

Certificates

Certified Information Systems Security Professional (CISSP)

Apr 2021

Certified Ethical Hacker (CEH)

Feb 2020
