Profile

Over 1 year of experience as a Shipyards Welder. Consistently produced high-quality welds while working in fast-paced, deadline driven environment. Demonstrated excellent time management skills by completing assigned tasks on schedule and without supervision. Adept at reading and interpreting blueprints to determine the best welding techniques for each project.

Employment History

Shipyards Welder at NQC, UT

Mar 2022 - Present

- Fabricated and installed over 3,000 feet of welding in the construction of a new ship.
- Worked on a team of welders that completed all work two weeks ahead of schedule.
- Created blueprints for a custom steel fabrication project that was later used by the company.
- Trained three new welders in safety procedures and proper use of equipment.
- Was commended by supervisors for exceptional quality control during welding projects.

Associate Shipyards Welder at Quality Welding, UT

Jul 2021 - Feb 2022

- Led a team of 3 welders in the construction of a new ship hull, completing the project 2 weeks ahead of schedule.
- Successfully completed welding training program and certification.
- Created custom jigs and fixtures to increase efficiency on projects by 30%.
- Was commended by supervisors for exceptional workmanship on all projects.
- Maintained a perfect safety record throughout employment.
