

# Pansy Checki

Speech-Language Pathologist

## Profile

I am a certified Speech-Language Pathologist with over 1 year of experience working in a school setting. I have successfully provided therapy to children with various communication disorders, including articulation, receptive and expressive language delays, fluency disorders, and social pragmatic deficits. I have also created individualized education plans (IEPs) and helped to implement them in the classroom. In addition, I have conducted screenings for speech and language impairments for students in grades K-12. My knowledge of child development stages has allowed me to create treatment goals that are realistic and achievable for each individual student.

## Employment History

### Speech-Language Pathologist at Cumberland Therapy Services, TN

Mar 2022 - Present

- Provided speech therapy to 100 children with disabilities, aged 3-5 years old.
- Led a team of 4 other speech therapists in designing and implementing new treatment methods for stuttering.
- Presented at a conference on the benefits of using technology in speech therapy.
- Wrote an article that was published in a leading journal on effective ways to teach vocabulary to children with autism.
- Trained 20 parents on how to use sign language to communicate with their nonverbal child.

### Speech-Language Pathologist Assistant at RehabCare, TN

Jul 2021 - Jan 2022

- Assisted in developing and implementing new treatment methods that increased client progress by 30%.
- Led a team of 4 therapists in successfully treating a high-profile client with severe communication disorders.
- Wrote 3 articles that were published in professional journals on topics related to speech therapy.
- Presented at 2 national conferences on innovative approaches to speech therapy.
- Awarded Employee of the Month for superior job performance 3 times.

## Certificates

### American Speech-Language-Hearing Association (ASHA) Certificate of Clinical Competence in Speech-Language Pathology

Mar 2021

### National Board for Certification in Occupational Therapy (NBCOT)

Mar 2020
