

Keyandrea Nettle

Substance Abuse Treatment Counselor

Profile

As a Substance Abuse Treatment Counselor, I have provided support to clients as they work through addiction and substance abuse issues. I have helped them to develop coping skills, explore treatment options and identify triggers. I am passionate about helping people overcome addiction and live healthy, fulfilling lives. In my previous role, I worked with clients in an outpatient setting for over 1 year. During this time, I developed a deep understanding of the challenges that our clients face on a daily basis. This experience has equipped me with the knowledge and skills necessary to provide effective counseling services to those struggling with addiction
