(981) 127-2447

5643 Maple St, New Orleans, LA 70117

Profile

I am a train engineer with over three years of experience. I have worked for two different companies during this time, and have gained a wealth of knowledge in the field. I am now looking to use my skills and experience to benefit another company.

As a train engineer, I am responsible for ensuring that trains run on time and according to schedule. This involves coordinating with other departments within the company, as well as outside agencies such as railroads or freight companies. In addition, I also conduct regular maintenance checks on the equipment to ensure that it is in good working order.

Employment History

Train Engineer at Amtrak, LA

Apr 2022 - Present

- Successfully operated and managed a train for two years with no accidents.
- Maintained high on-time arrival rates, averaging 95% over the course of two years.
- Successfully completed all required training courses and exams.
- Regularly utilized effective problem solving skills to address issues that arose during operation of the train.
- Worked well independently as well as part of a team in order to complete tasks efficiently and effectively.

Train Engineer II at Louisiana & Arkansas Railway, LA

Jul 2019 - Mar 2022

- Successfully operated and drove a train for over 10 years with no accidents.
 - Maintained schedules and ensured the safety of passengers by keeping to strict timetables.
 - Worked extra shifts when needed in order to cover for colleagues or meet deadlines.
 - Completed necessary paperwork and reports accurately and on time.
 - Communicated effectively with other members of the train crew as well as dispatch.
-

Education

High School Diploma at Los Angeles High School, Los Angeles, CA

Sep 2014 - May 2019

I've learned how to manage my time, how to study for exams, and how to do research.
