Veterinary Assistant

## Profile

I am a Veterinary Assistant with over 1 year of experience. I have worked in both small and large animal hospitals, and have gained a wealth of knowledge in the field. I am passionate about animals and their welfare, and take great pride in providing quality care for them. I am proficient in all aspects of veterinary assistant work, including but not limited to: handling/restraining animals, administering injections/medications, taking x-rays/radiographs, collecting lab samples (blood/urine), performing dental cleanings, etc. In addition to my clinical skillset, I also possess excellent customer service skills which makes me an asset to any hospital team that I work with.
