

# Traci Steury

Veterinary Technician

## Profile

I have over 2 years of experience as a veterinary technician. I am passionate about animal care and have a strong interest in medicine. I am skilled in handling animals, administering medication, and providing excellent customer service. I work well under pressure and thrive in fast-paced environments.

## Employment History

### Veterinary Technician at Little Rock Veterinary Emergency & Specialty, AR

Apr 2022 - Present

- Provided excellent customer service to over 100 clients per day.
- Trained 2 new employees on proper handling and care of animals.
- Successfully completed 12 hours of continuing education courses in areas such as animal anatomy, first aid, and zoonotic diseases.
- Maintained a clean and organized work area at all times.
- Monitored anesthesia during surgical procedures and provided supportive care to patients post-operatively.
- Assisted in the spaying/neutering of over 500 animals.

### Veterinary Technician II at All Creatures Veterinary Hospital, AR

Jul 2020 - Mar 2022

- Assisted in the care of over 100 animals each month.
- Monitored and recorded vital signs for all patients.
- Administered medication and vaccinations according to veterinary protocol.
- Maintained cleanliness of examination rooms and surgical area.
- Communicated with pet owners regarding their animal's health status and treatment plan.
