TIG welding

Stick welding

Flux-cored arc welding (FCAW)

Gas tungsten arc welding (GTAW or Tig Welding)

Oxyacetylene gas cutting and brazing

Plasma Cutting

LANGUAGES

English

Mandarin

HOBBIES

Listening to music

Working on cars

Playing video games

PROFILE

I have over three years of welding experience. I am certified in both MIG and TIG welding, and I have experience with a variety of metals including aluminum, steel, and stainless steel. I am also proficient in reading blueprints and drawings to ensure that the finished product meets all specifications. In addition to my welding skills, I have excellent problem-solving abilities which enable me to troubleshoot issues as they arise. My attention to detail ensures that every weld is of the highest quality possible.

EMPLOYMENT HISTORY

● Welder, Third Class at Roofing company, OH

May 2022 - Present

- I was responsible for welding various parts and components together using a variety of techniques.
- I operated gas tungsten arc, plasma arc, and shielded metal arc welding equipment to fuse metals together.
- I performed maintenance on welding equipment and made necessary repairs when needed.
- I completed projects within the specified timeframe while adhering to all safety regulations.
- I provided assistance to other welders as needed and helped train new welders on proper procedures.
- I produced high-quality work that met or exceeded the expectations of my supervisors.

● Welder, Second Class at Construction company, OH

Jul 2019 - Apr 2022

- Led a team of welders in completing a major construction project on time and under budget.
- Successfully completed welding training program.
- Performed 1000+ hours of welding without incident.
- Certified in both MIG and TIG welding processes.
- Won company-wide safety award for exemplary safety record.
