

Salina Bulach

Youth case manager

Profile

As a youth case manager, I have over three years of experience working with at-risk youth in both group and individual settings. I am passionate about helping young people overcome challenges and reach their full potential. I have a strong background in social work, as well as experience designing and implementing programs to meet the unique needs of each client. In my previous role, I successfully helped clients navigate the child welfare system while also providing wraparound services such as counseling, advocacy, and resource navigation. My goal is to continue making a positive impact on the lives of those I serve by providing high-quality services that are tailored to meet their individual needs.
